Faculty

Department of Dance resident faculty members, drawn from the professional dance world, have performed with the companies of Merce Cunningham, Pearl Lang, Charles Weidman, José Limón, the Robert Joffrey Ballet, and the American Ballet Theatre.

The goal of this committed, effective, and caring faculty is to educate, motivate, and direct students and to continue the pursuit of their own artistic and intellectual interests.

The resident faculty is regularly augmented by guest artists who provide a necessary balance and enrich the technique, choreography, and performance dimensions of the Ohio State University Department of Dance.

Dance Alumni of The Ohio State University

For more than thirty years, the dance program at The Ohio State University has produced graduates of high calibre who have gone on to successful careers in dance. Their achievements attest to the professional quality of the program. A partial list of professional companies in which our alumni are dancing or have danced includes
